ABOUT THE AGENCY

We are a collective of freelancers specialized in:

1. Data Collection and Data Entry
2. Translation and Transcription
3. Web Research, Technical Writing and Virtual Assistance

Our Collective members are refugees and local Kenyans in Dadaab, Kenya, who followed an intensive three week programme in online freelancing. Currently, we have 26 members who are available to respond to your needs.

What our clients have said about us:

“Abdullahi produced quality work within the deadline. I would work with him again”

“Fast and great quality work. Would use again and again. Very experienced and professional!”

“You are an excellent freelancer!”

“Mohamed was very to work with, communicated very well and adhered to the expectation of the contract. Brilliant”

HOW CAN YOU ENGAGE WITH US?

- Contact our agency to share your needs and learn how our freelancers can respond to them.
- Join our traineeship programme as a partner to receive discounted rates on your work in exchange for mentoring our freelancers

SERVICES OFFERED

Data entry

Data collection

Translation
(English, Somali & Swahili)

Transcription

Technical writing

Web Research

OUR HISTORY

The Dadaab Collective Freelancing Agency started in December 2018 by a cohort of online freelancers from the Refugee Employment and Skills Initiative in Dadaab, Kenya.

The project was developed by the International Trade Centre, in collaboration with the Norwegian Refugee Council. The programme continues to support the agency with mentorship and entrepreneurship skills.

The objective of the project is to create sustainable economic opportunities for refugees and host communities in Dadaab by providing training and appropriate market-based linkages.

WORK WITH US!

Hiring the Dadaab Freelancing Collective means that you will receive quality results, when you need them!
